

FORGE Phase 1 • Week 11 • Session 33 — Media Insert

For the facilitator. Use alongside "Session 33: Peer Evaluation and Feedback" in the Phase 1 Facilitator Guide.

Download the videos: formentors.org/media.html

Session 33 as written already runs the full two hours. Its segment headings add up to 110 minutes (10 + 10 + 5 + 50 + 15 + 10 + 10), and the guide adds 10 minutes of writing time inside Feedback Assignments. The Peer Feedback Rounds also have no slack: about 4 minutes a man is 48 to 60 minutes for 12 to 15 men. So this insert adds no outside talk. Its two short videos take about three and a half minutes of the Opening Circle and the SBI Review, and carry words you would otherwise say aloud there, so every segment keeps its length.

What's in this insert

- **Video 33A, "Peer Evaluation and Feedback"** (1 min 36 s). Your after-round words from the guide: today is not about tearing anyone down, it is about hearing the truth from people who have walked beside you for ten weeks; "Here's what I've seen in you. Here's what's strong. Here's where you can grow"; courage to give and more to receive; what today holds. It ends on the check-in question, "How does it feel to know you're about to receive honest feedback from the men in this circle?", and holds it for 20 seconds.
- **Video 33B, "SBI and the Feedback Seat"** (1 min 59 s). The SBI review with the guide's examples, one step at a time; one strength and one growth area for each of three peers; how the feedback seat works and how the man in it may respond; and the four ground rules. It ends on "One strength. One growth area. Specific, honest, respectful."
- **No outside talk.** The session is already full.

Run of show (120 minutes)

Time	Segment	Min	Notes
0:00	Opening Circle, with Video 33A	10	Play the video as the men sit down; start the round on the question it ends on. Listen for nerves, eagerness and defensiveness, as written. The video has said your after-round words ("today is not about tearing anyone down"), so after the round, move on.
0:10	SBI Review and Feedback Setup, with Video 33B	10	Play the video first; it is the SBI review. Use the rest for questions, then hand out the SBI Feedback Forms (3 per man).
0:20	Feedback Assignments	5	As written, from your pre-planned list.
0:25	Writing time	10	As written. Walk the room and check that each form names a real situation and an observable behavior.
0:35	Peer Feedback Rounds	50	As written. Before the first man sits, replay 1:05 to 1:44 of Video 33B (how the man in the seat responds, and the four ground rules), or read them aloud.

Time	Segment	Min	Notes
1:25	Facilitator Observations	15	As written, from notes prepared in advance.
1:40	Phase 2 Transition Discussion	10	As written.
1:50	Closing Circle	10	As written, with the homework.

Notes on the videos

- **The videos do not cover next week's requirements.** The knowledge check, its passing score, and the portfolio checklist belong to the Phase 2 Transition Discussion, as written. Video 33A only says that the Phase 1 assessment is next, then Phase 2, where the men start learning to build others.
- **Your interventions stay yours.** The guide's lines for feedback that gets too soft ("Growth feedback isn't optional") or too harsh ("That's not SBI — that's a character judgment") are not in the videos. Say them in the moment.
- **Men who are nervous.** Video 33A tells the room that some men walk in nervous and some walk in ready, and that both are honest, so no one has to hide either answer in the round.

Playing the videos without internet

Download both videos from formentors.org/media.html onto the playback device before the session. They are FORGE's own videos, so there is no outside license to ask for, and they can be shown to every cohort. Check them against the facility's rules for media like anything else you bring in.

Checklist additions

- ☐ Videos 33A and 33B loaded on the playback device and tested with sound
- ☐ SBI Feedback Forms (3 per man) and the pre-planned feedback assignments ready before Video 33B plays
- ☐ A chair set out as the feedback seat
